Vols., is respectfully transmitted to you, with the request that it be printed and distributed for use in connection with the "Rolls of Honor" heretofore issued from this Office.

QUARTERMASTER GENERAL'S OFFICE,
 DIVISION OF CEMETERIES,
 WASHINGTON, D. C., *February 7, 1868.*

Brevet Brig. General A. J. PERRY,
Quartermaster, U. S. Army,
Q. M. General's Office, Washington, D. C.,

GENERAL:

I have the honor to transmit herewith for publication, as a companion volume to the "Rolls of Honor" now being published by this Office, a Statement of the *Final Disposition* of some of the Bodies of Deceased Union Soldiers and Prisoners of War whose remains have been removed to the various National Cemeteries in the Southern and Western States.

Owing to the vast field of operations of the Armies of the United States during the war, it has been found that the collection and the removal of the bodies of the dead has been a much slower and more laborious task than was at first supposed.

Thus, the within statement (which only embraces a portion of such removals) shows that 47,368 bodies of deceased Union Soldiers and Prisoners of War have been removed from 237 different localities, scattered throughout the Southern and Western States, to 30 of the established National Cemeteries, where their remains now rest, side by side, under the perpetual care and protection of the Government for the defense of which they sacrificed their lives.

It is thought that this statement will furnish valuable materials for future records, and some assistance in identifying the great number of those whose graves now bear only the sad inscription: "Unknown U. S. Soldier."

Similar statements will be prepared, from time to time, as the necessary information is received in this Office, thus finally furnishing a complete record of all such removals of the remains of deceased Union Soldiers.

I am, General, very respectfully,
 Your obedient servant,

C. W. FOLSOM,
Bvt. Colonel and A. Q. M. Vols.

QUARTERMASTER GENERAL'S OFFICE,
WASHINGTON, D. C., June 3, 1868.

Brevet Major General D. H. RUCKER,
Acting Quartermaster General,
U. S. Army,

GENERAL:

The enclosed "Statement of the Final Disposition of the Bodies of Deceased Union Soldiers and Prisoners of War, whose remains have been removed to National Cemeteries in the Southern and Western States," being the second volume of the same, and embracing particularly the removals to the National Cemeteries at Antietam, Md., Arlington, Culpeper C. H., Staunton, and Winchester, Va., Andersonville, Ga., New Orleans and Port Hudson, La., and to many

of those in Kentucky, Missouri, and Kansas, prepared in this Office under the direction of Brevet Colonel C. W. FOLSOM, A. Q. M., U. S. Vols., is respectfully transmitted to you, with the request that it be printed and distributed for use in connection with the "Rolls of Honor" heretofore issued from this Office.

I am, General, very respectfully,

Your obedient servant,

ALEX. J. PERRY,

Bvt. Brig. General and Q. M., U. S. A.

QUARTERMASTER GENERAL'S OFFICE,

WASHINGTON, D. C., June 2, 1868.

Brevet Brig. General A. J. PERRY,

Quartermaster, U. S. Army,

Q. M. General's Office, Washington, D. C.

GENERAL:

I have the honor to transmit herewith for publication, in connection with the "Rolls of Honor" which are published by the Quartermaster General, a second volume of "Statements of Final Disposition of the Bodies of Deceased Union Soldiers and Prisoners of War in the National Cemeteries in the Southern and Western States."

This volume contains, among others, the principal removals to the Cemeteries at Staunton and Winchester, Va., Andersonville, Ga., Vicksburg and Corinth, Miss., Memphis and Stone's River, Tenn., Jefferson City, Mo., and to several of the principal Cemeteries in Kentucky; also additional removals to the Cemeteries at Arlington and Culpeper, Va., and New Orleans and Port Hudson, La.

The removal of 57,141 bodies from 531 different localities to 35 of the National Cemeteries is chronicled in this volume; of which, however, 1,747 bodies were enumerated in Vol. I, but are repeated here for convenience of arrangement, in order to give a consolidated view of all the removals to certain Cemeteries.

The work of removal has been retarded during the last year by freshets in the western rivers, and by the epidemics (cholera and yellow fever) which prevailed in the Gulf States and in the Valley of the Mississippi.

Efficient parties are now, however, in the field, and it is confidently believed that all the important removals will be completed before

the first of September next. It is supposed that about 35,000 bodies remain yet to be removed.

Doubtless many graves have not yet been found, although the search for them has been diligent; some, perhaps, will forever remain unnoticed.

But the co-operation of the friends and comrades of those soldiers who died and were buried on remote skirmish fields, or at isolated farm hospitals, is earnestly solicited; and any information of the position of such graves (which may be forwarded to the Quartermaster General free of postage) will be carefully treasured up and promptly acted upon by this Department.

One or two more volumes of this Record may be expected as the removals advance to completion.

I am, very respectfully,
Your obedient servant,

CHARLES W. FOLSOM,
Bvt. Colonel, A. Q. M., U. S. Vols.

GENERAL ORDERS }
No. 33. }

QUARTERMASTER GENERAL'S OFFICE,
WASHINGTON, D. C., Aug. 13, 1868.

The following "Statement of the disposition of some of the bodies of deceased Union Soldiers and Prisoners of War, whose remains have been removed to National Cemeteries in the Southern and Western States," (being the third volume of the same,) prepared in the Cemeterial branch of this office, under the direction of Brevet Brigadier General ALEXANDER J. PERRY, Q. M., U. S. Army, is published by authority of the Secretary of War, for the information of surviving comrades and friends, and for use in connection with the "Rolls of Honor" heretofore published by this Office.

M. C. MEIGS,
Quartermaster General,
Brevet Major General, U. S. Army.

QUARTERMASTER GENERAL'S OFFICE,
WASHINGTON, D. C., Aug. 13, 1868.

Brevet Major General M. C. MEIGS,
Quartermaster General,
U. S. Army,

GENERAL:

The enclosed "Statement of the *Final Disposition* of the Bodies of Deceased Union Soldiers and Prisoners of War, whose remains have been removed to National Cemeteries in the Southern and Western States," prepared in this Office by Brevet Colonel C. W. FOLSOM, A. Q. M., U. S. Vols., is respectfully transmitted to you,

with the request that it be printed and distributed for use in connection with the "Rolls of Honor" heretofore issued from this Office.

I am, General, very respectfully,

Your obedient servant,

ALEX. J. PERRY,

Bvt. Brig. General and Q. M., U. S. A.

QUARTERMASTER GENERAL'S OFFICE,
CEMETERIAL BRANCH,

WASHINGTON, D. C., July 29, 1868.

Brevet Brig. General A. J. PERRY,
Quartermaster, U. S. Army,
Q. M. General's Office, Washington, D. C.

GENERAL:

I have the honor to transmit herewith for publication, in connection with the "Rolls of Honor" which are published by the Quartermaster General, a third volume of "Statements of Final Disposition of the Bodies of Deceased Union Soldiers and Prisoners of War in the National Cemeteries in the Southern and Western States."

This volume contains, among others, the principal removals to the National Cemeteries at Alexandria, La., Brownsville, Tex., Louisville, Ky., New Orleans, La., Fort Donelson, Tenn., Jefferson Barracks, Mo., Nashville, Tenn., Salisbury, N. C., Shiloh, Tenn., and Springfield, Mo.; also additional removals to Andersonville, Ga., Galveston, Tex., Lawton, Ga., and Marietta, Ga.

Thus the removal of 35,577 bodies of deceased Union Soldiers and Prisoners of War, (as shown in this Statement,) has been made from 314 different localities, scattered throughout the Southern and Western States, to 21 of the established National Cemeteries.

The work of removals has necessarily been suspended during the hot season in the more Southern localities, owing to the extreme heat, and for the preservation of the public health; but it will be resumed in the autumn, and, it is thought, will be completed during the year 1868.

Doubtless many graves have not yet been found, although the search for them has been diligent; but by the co-operation of the friends and comrades of those soldiers who died and were buried on

remote skirmish fields, or in isolated spots, it is hoped that the Government will yet be able to discover the resting place of many who are, as yet, unfound. To this end, any information concerning the burial place of Union Soldiers, in isolated or scattered localities, is earnestly solicited; which information may be forwarded to the Quartermaster General, U. S. Army, at Washington, D. C., free of postage.

It is thought that this Statement will furnish valuable material for future records, and afford some assistance in identifying a great number of those whose graves now bear only the sad inscription, "Unknown."

Similar Statements will be prepared from time to time, as the necessary information is received in this Office, thus finally furnishing a complete record of all such removals and reinterments of the remains of deceased Union Soldiers.

I am, General, very respectfully,

Your obedient servant,

C. W. FOLSOM,

Bvt. Colonel, A. Q. M., U. S. Vols.
